Walkers will not carry weapons

Til: All walkers
Fra: KN Bjarne Andresen (BJA) CH BLÅ NEGL
Emne: Exercise Blue Nail 2023

The Danish Homeguards are not able to deliver the necessary number of weapons requested for the exercise this year. This means that walkers will not bring their own weapons, and that weapons are not issued to foreign or Danish participants at the start of the exercise.

All foreign teams will still sign in at the appointed meeting place to be trained for using the weapon, as the exercise includes an element of shooting with Danish issued weapons.

The exercise will be carried out as otherwise planned, and the walkers will be asked to see the situation as a case of being left in the area, and now have to find their way through enemy territory without weapons.

Blue team (Hunter force) will have weapons and will hunt as always.

The exercise leaders will work hard to make sure this will not happen again, and we are already working hard to make sure that there are enough weapons available for BN 2024.
